Marios Prodromou, World Genius Directory: 2017 Genius of the Year - Europe

http://www.facebook.com/mariosspade • http://www.facebook.com/mentalgamecoaching

Famous For:
Winning the 2015-2016 U12 Cyprus National Championship, which made me a well-known and respected Mental Game Coach. This has made it possible for me to inspire many more kids this year, helping them to be all they can be in sports as well as in life. I am a highly-active and respected member of the High IQ community, and especially, the World Genius Directory. I will always be an active member of the World Genius Directory, since it is a forum to welcome and encourage new members to the High-IQ World!

Organisations/Memberships:
World Genius Directory, Prometheus, Mensa International, Epimetheus, GENIUS Umbrella Organization, sPIqr, Vertex, Grand IQ Society, Tetra, GOTHIQ, LEVIATHAN 160, Triple Nine Society, HELLIQ, The Glia Society, UBERIQ, TENIQ and many others.

Occupation/Professional Goals:
I work as a Mental Coach. My professional goals are congruent to the criteria as stated by the World Genius Directory for the annual GOTY Award - to nurture and cultivate intelligence amongst the young - *in order to maximize our world's future intelligencia.*

Why work with IQ:
I like to practice what I preach and this is the reason that I work with IQ. In order to cultivate mental toughness amongst the young it is important for me to take challenging tests. I have been fortunate to put my wits up against tests by: Jason Betts, Ronald Hoeflin, Iakovos Koukas, Mislav Predavec, Paul Cooijmans and Nikolaos Soulios, amongst others. I score anywhere between 150 - 170 IQ depending on the type of test and the time that I devote to it. The High IQ World is also a chance to engage in quality conversations with my peers. The WGD Society is highly recommended as an excellent place to begin for those that are seeking mental-stimulation.

Goal for IQ as a WGD Ambassador Genius of the Year:
To promote the WGD and the other societies that I belong to in the outside world. IQ is often misunderstood and so are the people that possess it. Some of us are regarded as having an inflated ego - this is not the case and some of the friends that I have been fortunate to make in the High IQ World are among the kindest and down to earth individuals that one can meet. I hope that this award will be the chance for my country to get a bit of recognition as well and my chance to use the title of «WGD GOTY for Europe» to help more kids through mental coaching in my country.

Statement for the World:
Never give up on your dreams! There will be times when you feel that the world is against you. There will be times of sadness - but have faith in yourself and your abilities. You - and you alone - have the power to reverse your given situation at any time. Never stop learning and growing. Contribute to your community and become a man of value rather than a man of success.
